WIDE BREAK IN STOCKS

EARLY LIQUIDATION CAUSES HEAVY DECLINES IN PRICES.

Later Recovery Wipes Out Most of the Losses and Shows a Few Small Gains-The Monetary Situation.

NEW YORK, Oct. 13 .- The violent and almost uncontested break in prices of stocks this morning and a practically complete recovery this afternoon is the history of today's market. The closing prices showed a sprinkling of net gains among some of the most important stocks on the list, reaching a point in Reading and Ontario & Western. At one period before noon there were ragged declines indicated of all the way from one to twelve points from Saturday's level, many of the leading speculative stocks having lost three to four points in the two hours of trading.

Sentiment in the street seemed mixed before the opening between the contending influences of the reports that a settlement of the coal strike had been arranged and the admonition contained in the Saturday bank statement that there must be further contractions of loans placed in the stock The latter influence swept away all other considerations, and with the exception of a momentary rally after the opening, due to the taking of bear profits by Saturday's short sellers, the market pursued a steady downward course under a of some of the large speculative pools was going on, presumably under pressure of the demand from money lenders for repayment of loans. The Gould Southwesterns and some of the stocks in which the so-called Western contingent have operated largely were notably affected. The recent tendency of high-priced investment stocks, which had been pushed to an extraordinary level. Indianapolis Gas Company sixes 104 to break violently on small sales continued in evidence in the cases of American Express, United States Express, Lackawanna, Delaware & Hudson, Great Northern preferred, General Electric and similar stocks. When the liquidation first showed signs of decreasing the bears caused a sharp rally by covering of shorts, after which the mar-ket lay sluggish and neglected for an hour. The speculative sentiment then yielded to the influence of the hopeful feeling that the consultings and activities of the financial and operating powers of the great anthracite companies would lead to substantial results in the settlement of the coal strike. Any admission of a change in the deadlock was impossible to obtain, and the unvarying assertion on the part of the operators dealt only with the possibility of improving the output of the mines under protection of the military by the seceders of the strike. But the action of the market reflected the faith that developments were forthcoming looking to a settlement. Reports received over Sunday over the receipt of several parcels of gold from

Europe and of an expected arrival within two weeks at San Francisco of \$1,500,000 additional Australian gold were powerless to offset the depressing influence of the bank statement. Money went to 18 per cent. soon after the opening. Sterling exchange broke sharply, but discounts in London responded with an advance. The coming week's synwith an advance. The coming week's syndicate requirements, which foot up some \$50,000,000, were considered formidable in view of the money situation. This includes another \$17,000,000 payment on the purchase of control of Louisville & Nashville, \$21,-000,000 on account of new B. & O. stocks and \$12,000,000 on account of Pennsylvania's 31/2 per cent. convertible warrants. The mar-ket closed with the rally in full force and

prices at the top level. Bonds weakened and recovered in sympathy with stocks. Total sales at par value were \$4,545,000. United States new and old

fours declined 1/2 per cent. each on the last | \$5,219,000. The following table shows the range of

CATTLE SCARCE AND QUIET, WITH VERY UNCERTAIN OUTLOOK.

Hogs Scarce and Five to Ten Cents Higher-Sheep Steady-Condition

of Markets Elsewhere.

UNION STOCKYARDS, INDIANAPOLIS, Oct. 3.-Cattle-Receipts, 250; shipments small. Just fair supply of cattle arrived for the market today, there being about 100 less than a week ago, but nearly twice as many as a year ago. As usual at this time in the week all of the different grades were not represented, and for the most part the quality was not attractive. There evidently were no urgent orders in the hands of buyers, consequently the bidding was slow and irregular, and it took some time to consummate sales. Finally, however, a few loads of steers sold at no more than steady prices compared with those current for equal kinds at the close of last week. There were hardly enough female butcher cattle to test the condition of the market, and therefore little can be said in this line, but it s possible that desirable grades would have sold about steady. There was very little or no inquiry for stockers and feeders, and not enough were sold to establish prices. The outlook for the week is uncertain, but it does not appear today that there will be any advance in values for the general run of cattle. Quotations: Good to choice steers, 1,350 lbs and up-

erally considered 5@10c higher than the close of last week. There were just enough to meet the requirements of shippers, and consequently local packers were practically out of the hog market. There were no hogs here good enough to test the full strength of the market, but it was generally believed that the right kind would have sold at least as high as \$7.35. Sales, as to quality and weight, ranged from \$6.60 to \$7, and hogs averaging around 200 lbs and upward sold at \$7.10 and above. Quotations: Good to choice medium to heavy...... Sheep-Receipts light; shipments none. There were not enough sheep or lambs arrived to-day to establish prices for any grade, and as usua under such circumstances there is no change of improvement to report in the market compare with the close of last week. Liberal receipts and lower prices elsewhere to-day, however, led dealers to believe that there will be some change in prices in the near future. Of course, however, the extent of the change will be governed largely by the supply and quality, and it is barely possible that just enough of the right kind will sell at nearly steady prices. Quotations: Good to choice lambs ..

LILIUOKALANI COMING.

Hawaii's Ex-Queen Again to Press Her Claim for Crown Lands.

HONOLULU, Oct. 1, via San Francisco, Oct. 13.-Ex-Queen Liliuokalani will leave here via the Venturia, Nov. 11, for Washington, D. C., where, it is understood, she will press her claim for the crown lands. Her suite will be the same as last year, and she will make stops at Salt Lake City, Chicago and New York.

What the ex-Queen's attitude is toward the candidates for delegates to Congress is uncertain. She has great influence with the natives, and if she gives advice to vote for Wilcox or Prince Cupid, it will practically mean the election of the one she favors. Prince Cupid, who is her favorite nephew, is the Republican candidate. In a speech this week he denied that the ex-Queen favored Wilcox. Prince Cupid said he told his aunt that the best interests of Hawaii demand the success of the Republican parnumber of hogs arrived for the market to-day, the receipts being about 1,000 smaller than a week ago and 400 less than a year ago. There will not talk on the subject and she claims will not talk on the subject and she claims were not enough to invite competition from all buyers, but with rather an active demand from shippers a trading basis was established early, and the supply was soon exhausted at prices gen-

MINOR FRACTION ADDED TO THE PRICE BY BAD WEATHER.

Other Grains Close Lower, After Somewhat Firm Opening-Provisions on a Lower Level.

higher cables caused a strong opening in grains on the Board of Trade, to-day, and after a slight decline wheat closed firm, December up 1/401/4c. December corn closed 1/4c lower, and oats 1/4@%c lower. January provisions closed unchanged to 21/2c lower. General rains during the past forty-eight hours, together with higher cables started wheat higher to-day, but large receipts in the Northwest, with predictions of better weather, caused considerable selling early by commission houses, and the market weakened materially. Local sentiment, however, was bullish and offerings were well taken. In the latter part of the day prices advanced again on a good demand with limited offerings. Poor grading, fair cash demand and a small increase in the visible were the sustaining features. December opened %c to 1/2c higher at 711/3c to 71%c, but sold down to 70%c early on heavy liquidation. Later offerings became limited and with good buying by commission houses there was an advance to 711/2c. Another reaction followed, but the close was %c to %c higher, at 70%@71. Clearances of wheat and flour were equal to 733,720 bu. Primary receipts were 1,756,000 bu, compared with 1,124,000 a year ago. The amount on passage showed a decrease of 72,000 bu for the week. Minneapolis and Duluth reported receipts of 1,335 cars which, with local receipts of 117 cars, one of contract grade, made a total of 1,452 cars, against 1,088 last week and 821 a year ago. Corn opened strong on wet weather and higher cables. The feature to trade was the unloading of a long line by a prominent trader, it being reported that over a million bushels were disposed of. The market weakened on free offerings, but later most of the loss was regained on buying by locals and commission houses loss for the day. December sold between 47%c and 48%c, and closed %c lower at 47%@47%c. Local receipts were 292 cars, 63 of contract grade.

Oats opened strong with corn, but on commission house selling, principally by a prominent long, and with weakness in corn, prices tended lower. There was a fair trade throughout the day. The close was easy, with December down \@%c at 314c, after selling between 31 and 314c. Local receipts were 105 cars. Provisions were traded in moderately and opening prices were higher, influenced by moderate receipts of hogs and higher prices at the yards. At the advance there was some realizing, which caused a slight decline, but the market held about steady.

January pork closed about 21/2c lower at \$15.67/2; lard was unchanged at \$8.97/2c, with ribs unchanged at \$8.30. Estimated receipts for to-morrow: Wheat, 170 cars; corn, 430; oats, 280; hogs, 16,000 head. Leading futures ranged as follows:
